About the Release

These Release Notes contain information about new features, enhancements, and reported issues resolved in this release of the Registration and Title System Point of Sale (RTS POS).

The screenshot shows a navigation bar with five tabs: 'Release Notes & Support', 'Webinars & Presentations', 'Resources', 'Training', and 'Equipment Guide'. The 'Release Notes & Support' tab is highlighted. Below the tabs, the text 'RTS Release Notes' is displayed. A list of release notes follows, each with a right-pointing chevron icon: 'RTS 23.4.1', 'RTS 23.4', 'RTS 23.3', 'RTS 23.2', 'RTS 23.1', and 'RTS 13.0'.

Release Notes are located under the **Release Notes & Support** tab on the TAC Hub (www.txdmv.gov/tax-assessor-collectors).

RTS POS Overview

The refactored RTS POS is a web-based application designed to process vehicle registrations, titles, and temporary permits for Texas motorists. RTS POS provides functions for cash accounting, funds allocations, and a full audit trail along with inventory control for license plates, windshield/plate stickers, and temporary permits.

Getting Help

When logged in to the RTS POS, you can display reference information about using the RTS POS and get specific application-level help.

- To get application-level help, click **Help** on the page you are viewing.
- To see the entire user assistance web site, select **Help > User Guide** on the main page menu bar.

Additional Resources

For additional resources for the RTS POS, see the TAC hub (www.txdmv.gov/tax-assessor-collectors). Open the **Resources** tab, select **Publications & Manuals | TAC | RTS Support**.

RTS Tickets
RRTS-35880

For willing and statutorily required renewal and private party title transactions emissions inspection verification is determined by the residence county.

In RTS for renewals and private party title transactions NOT associated with a dealer GDN the emissions inspection requirements will be based on the residence county.

If no emissions inspection is found in the inspection database, and the customer is not exempt from the emissions inspection the clerk will need to manually verify the emissions inspection has been completed and select the appropriate emissions inspection on the Inspection Status INS001 screen.

If the customer is exempt from the emissions inspection due to a qualifying affidavit exempt reason or exempt vehicle class option, the clerk will select the new "EEI - Exempt from Emissions" on the INS001 screen to prompt the new "Affidavit Exempt Reasons" INS002 screen for a manual selection of an affidavit exempt reason. Upon selection of the appropriate affidavit exemption reason the clerk will continue processing the renewal and verify the emission fee was not displayed or collected. The clerk will also verify the \$7.50 Inspection Replacement Fee displays and is collected for non-commercial vehicles who were previously subject to a safety inspection.

The screenshot shows the 'REGISTRATION & TITLE SYSTEM' interface. The top navigation bar includes 'Customer', 'Miscellaneous', 'Reports', 'Local Options', 'Accounting', 'Inventory', 'Funds', 'Exit', and 'Help'. The 'Inspection Status INS001' screen is active, with a red box around the title. A modal window titled 'VERIFY MANUALLY' is open, featuring an 'Inspection Date' field and a table of inspection types. The 'EEI - Exempt From Emissions' row in the table is highlighted with a red border. At the bottom of the modal are 'Enter', 'Cancel', and 'Help' buttons.

Select One:

- Vehicle is not subject to the Texas Vehicle Emissions Inspection and Maintenance Program because said vehicle is not and will not be primarily operated (driven, parked, or stored for 60 calendar days per testing cycle) in affected counties. I further certify that in the future if said vehicle is primarily operated in affected counties, said vehicle will be reinspected at an inspection station certified to do emissions testing. (Registered in an affected county, but operated outside an affected county, e.g., company fleet vehicle, hunting vehicle, exempt from emission test on resale, etc.)
- Vehicle is no longer subject to the Texas Vehicle Emissions Inspection and Maintenance Program because said vehicle is no longer and will no longer be primarily operated (driven, parked, or stored for 60 calendar days per testing cycle) in affected counties. I further certify that in the future if said vehicle is primarily operated in affected counties, said vehicle will be reinspected at an inspection station certified to do emissions testing. (Registered in an affected county, but owner does not currently reside in an affected county and will not operate over 60 days per calendar year in an affected county, e.g., someone who moved from an affected county.)
- Will not return to an affected county prior to the expiration of the current inspection certificate. I further certify that immediately upon return to an affected county, said vehicle will be reinspected at an inspection station certified to do emissions testing. (Registered in an affected county, and primarily operated in an affected county, but outside county upon expiration of inspection certificate, e.g., student, vacationer, extended out-of-town business, etc.)

RRTS-35884**IVTRS Updates - Validate the county selected against the county displayed on the registration sticker.**

In IVTRS, upon renewal, the county of residence the customer selects must match the address on their registration sticker so that if the address is not on record, we can obtain a current and valid address to determine whether the customers live in an emissions county. Texas residents who live in emissions counties must obtain a passing emissions inspection and pay the applicable \$2.75 Emissions Inspection Fee prior to renewing registration unless exempt from emissions inspection.

Registration Renewal: Affidavit Exempt Reasons

- Is your vehicle out of state? You must complete a Texas emissions inspection upon returning to Texas. A remark will be placed on your vehicle record indicating an emissions inspection is still due. Law enforcement will not be able to electronically verify your emissions inspection. You will need to retain your vehicle inspection report to show to law enforcement because the remark will not be removed at the time of emissions inspection. I certify that I am entitled to continue to renew my Texas registration and the vehicle is out of state and unable to complete the required emissions inspection. I understand I must obtain a passing Texas emissions inspection when the vehicle returns to Texas. I understand that a remark will be placed on my vehicle record informing law enforcement to verify my vehicles emissions inspection status.

If an applicable affidavit exempt reason is selected the customer will continue processing the renewal. The \$7.50 Inspection Replacement Fee displays and is collected for non-commercial vehicles who were previously subject to a safety inspection. Customers that fall under one of the new affidavit exempt reasons will not be charged the Emission Inspection Fee unless a passing emissions test is found in the inspection database. If an Affidavit Exempt Reason is selected it will be retained in our records for reporting purposes.

Customers who attest that they are out-of-state at the time of renewal will be charged the \$7.50 Inspection Replacement Fee. Customers who are out-of-state at the time of renewal must certify that they will obtain a passing emissions testing when they return to Texas. A "VERIFY INSPECTION" remark will be placed on the customer motor vehicle record requiring an emissions inspection to be completed and the payment of the applicable \$2.75 Emissions Inspection Fee upon returning to Texas.

Update the Status Change Event - Inspection Status for out-of-state vehicles requiring emissions testing.

Customers who previously certified they were out-of-state at the time of renewal and live in an emissions county must obtain a current passing emissions inspection upon returning to Texas to remove the "VERIFY INSPECTION" remark off their motor vehicle record. Once the customer has obtained the current passing emissions inspection the clerk will process the transaction in the Status Change event. The clerk will select the Inspection Status radio button on the "Status Change Record TTL006" screen and select the appropriate emissions inspection type on the "INS001" screen. The clerk will verify the \$2.75 Emissions Inspection Fee is charged. Upon completion of the emissions inspection requirement the "VERIFY INSPECTION" remark will be removed from the customers motor vehicle record.

RRTS-35893**RTS Timed Permits - Remove all inspection requirements to allow permit issuance effective January 1, 2025.**

The inspection requirements have been removed within the system for the following permits:

- factory delivery permits
- One-trip permits
- 72-hr permits
- 144-hr permit
- 30-day permits

The department will no longer require inspection verification to process the permit transaction.

RRTS-35985

Create a new emissions fee code - "Emissions Inspection Fee."

The new "Emissions Inspection Fee" code & description is displayed, and the system will charge a fee of \$2.75 on payments screen and receipts when an emissions inspection is required.

In instances where an emissions inspection is required but the emissions inspection is not found in the inspection database the clerk may need to manually select the applicable emissions inspection type on the "INS001" screen.

The system is programmed to automatically charge the \$2.75 Emissions Inspection Fee if any of the following inspection types are selected:

RRTS-36077**Dealer (GDN) Title Transfer Transactions.**

Effective January 1, 2025, dealers submitting an application for title with registration for non-commercial vehicles are required to obtain a current passing emissions inspection within 180 days of the sale date and pay the \$2.75 Emissions Inspection Fee, if the vehicle is sold by a dealer in one of the 17 emissions counties.

For dealer title transactions processed in the purchaser, dealer, or lienholder county (statutory county) the emissions inspection requirement and verification are based on the processing county location. For dealer title transactions processed in any other county, the emissions inspection requirement is based on the dealer's county. Emissions inspections are still required in the following Texas counties:

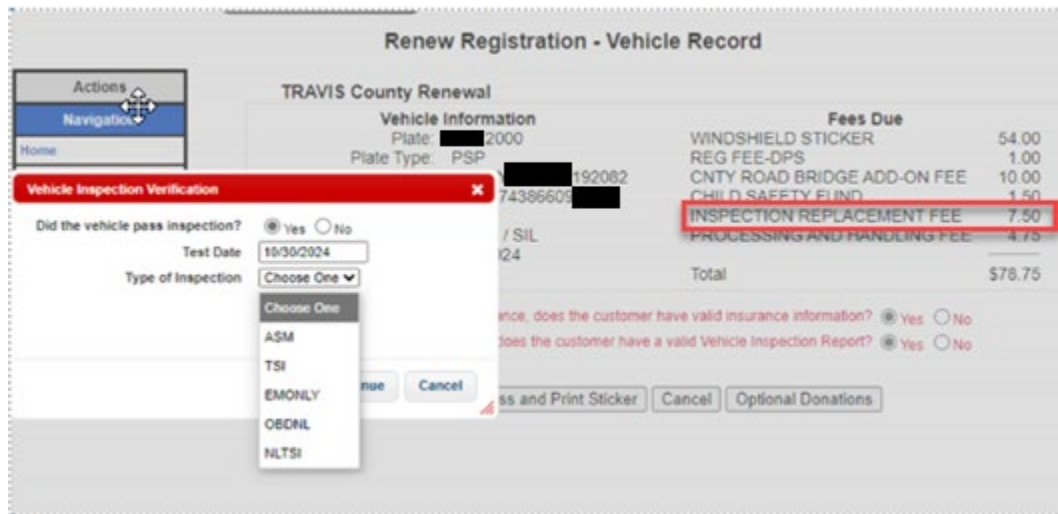

1. Brazoria – 20
2. Collin – 43
3. Dallas – 57
4. Denton – 61
5. Ellis – 70
6. El Paso – 71

16. Travis – 227
17. Williamson – 246

RRTS-36102

WebSUB Updates - Validate county of residence for emissions inspection requirements.

When a customer resides in any one (1) of the seventeen (17) emissions counties an emissions inspection is required and must be obtained prior to registration renewal.

webSUB has been programmed to charge the \$2.75 Emissions Inspection Fee if an emissions inspection is found electronically in the inspection database in both emissions and non-emissions counties. If an emissions inspection is required but not found electronically in the inspection database, the clerk will utilize the manual verification process.

RRTS-36108 Remove the out-of-state "VERIFY INSPECTION" remark from records for all non-commercial vehicles located in non-emission counties.

The out-of-state "VERIFY INSPECTION" remark has been removed from registration records for all non-commercial vehicles located in non-emission counties where verification of the inspection is no longer required.

RRTS-36112 Disable VIN CERTIFICATION WAIVED Checkbox.

The VIN CERTIFICATION WAIVED checkbox on the TTL008 screen will be disabled for all title application events to prevent the addition of the remark to vehicle records for vehicles last registered and/or titled out of state or out of the country.

Created a new "Affidavit Exempt Reasons INS002" page launched from the "INS001" screen in POS.

When the emissions inspection is not required due to a qualifying affidavit exempt reason or exempt vehicle class option, and the emissions inspection is NOT found electronically in the inspection database, the "INS001" screen has been updated with the new "EEI - Exempt from Emissions" option for selection. The new "Affidavit Exempt Reasons INS002 " screen pops up for selection of the reason the customer is exempt from emissions testing.

RRTS-36419

Update the Status Change Event - Dealer Sale Out-of-State (OOS).

RTS accommodates for the collection of the Emissions Inspection Fee, Inspection Replacement Fee and Buyers Tag Fee, as needed, if a dealer opts not to submit the payment of the fees using the eTAG system, upon completing the initial out-of-state sale.

RRTS-36420

IVTRS Update - Remove the self-certification page for travel trailers.

IVTRS has been updated to remove the self-certification page for travel trailers due to the state inspection program being eliminated for all non-commercial vehicles statewide. With the state inspection program being eliminated, travel trailers will no longer be required to self-certify the trailer is in safe and proper working condition.

RRTS-36461

Charge an "Inspection Replacement Fee" in place of the current inspection fee for all non-commercial vehicles.

Effective January 1, 2025, the state inspection program is being eliminated for non-commercial vehicles statewide. This means all non-commercial vehicles will no longer be required to obtain a vehicle safety inspection prior to registration.

Owners of previously registered vehicles will pay an annual Inspection Replacement Fee of \$7.50. This fee will continue to be paid in addition to the vehicle registration fee.

Owners of new vehicles (current or preceding model year), that have not been previously registered in Texas or another state, will pay an initial Inspection Replacement Fee of \$16.75. Applicants who pay the \$16.75 fee are not required to pay the annual fee of \$7.50 for the same vehicle during the following registration year.

RRTS-36466

“MOBILITY / CLEAN AIR FEE” has been renamed to “INSPECTION REPLACEMENT FEE”

Currently, trailers, semitrailers, pole trailers, and mobile homes that have a gross weight or registered gross weight of more than 4,500 pounds but no more than 7,500 pounds are required to pay an annual fee (at registration) of \$7.50 per Section 548.510, Transportation Code, in lieu of paying such a fee to the State for previously required safety inspections of these vehicles. In RTS, this fee is currently identified with the account item code description “MOBILITY / CLEAN AIR FEE.”

“MOBILITY / CLEAN AIR FEE” will no longer be used to record incoming money after 12/31/2024. Vehicle types currently subject to the use of the “MOBILITY / CLEAN AIR FEE” will continue to pay the \$7.50 annual fee, under the new name of “Inspection Replacement Fee.”

Updates to the Inspection Code Type list.

The “INS001” screen has been updated to show current and valid inspection code types effective January 1, 2025. If the applicant is required to obtain an emissions inspection and the emissions inspection is not found electronically in the inspection database a manual selection on the “INS001” screen is required.

Selection of any of the valid inspection code types on the “INS001” screen satisfy the required emissions inspection. The clerk should select the valid inspection type that is captured on the Vehicle Inspection Report (VIR).

RRTS-36859**Capture the Title Control Number in the Title Event for Reporting Purposes.**

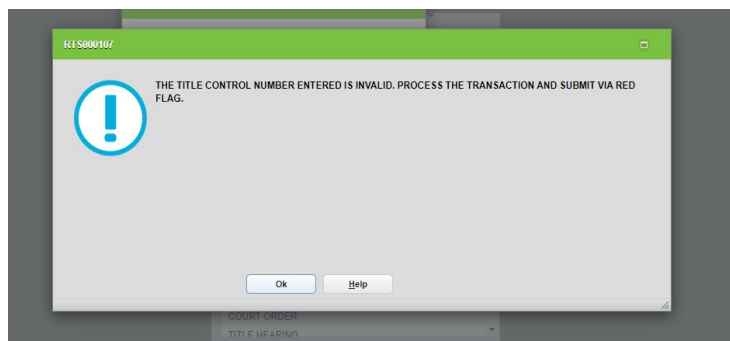

After entering the last 4 digits of a valid document number, users must enter the title control number in a title event on the "Evidence of Ownership TTL011" screen if the surrendered evidence of ownership is a certified copy of Texas title (CCO).

If the title control number field is left blank and the user selects enter the following error message will display and the user will be required to enter the title control number.

If the title control number entered is identified to be one of the control numbers that went missing and deemed invalid, the following message will display and if processed, a legal restraint will be placed on the record. All transactions involving a CCO with an invalid title control number must be sent for review through the red flag process.
