

## Is Your Vehicle Registration Expired?

The temporary waiver granting the suspension of registration renewal requirements ends April 14, 2021. Motorists must come into compliance by renewing their registration on or before April 14, 2021. After April 14, 2021, law enforcement may begin issuing citations to motorists operating a vehicle without a current registration sticker or current registration receipt. There is no grace period after the April 14, 2021 deadline.

A passing vehicle inspection is required prior to registration renewal. A passing vehicle inspection obtained within the original 90-day period remains valid for registration renewal, provided that the inspection is not more than one year old. Motorists whose vehicle inspections are older than one year must obtain a new passing vehicle inspection prior to renewing registration.

Registration may be renewed online, by mail, and in person:

- Online: While the renewal deadline for those with expired registration is April 14, 2021, online registration renewal is only available for up to nine months past your registration expiration date. If you wish to renew online, please be aware of the deadlines listed below by month.
- By Mail: Mailing in a renewal request this close to the processing deadline does not ensure the registration transaction will be completed by April 14, 2021. Since mail-in registration renewal processes and procedures differ by county, please contact your local county tax office for guidance.
- In Person: Local county tax offices may offer services by appointment only. Please contact your local county tax office for assistance with any new policies or procedures before you go.
